- Recreational dive planner wheel & table version
- PADI Open Water manual
- Open water diver quizzes and exam booklet
- Adventures in Diving Manual
- PADI Rescue Diver Manual
- Rescue Diver Final Exam
- PADI Divemaster Manual
- Divemaster final exams booklet
- Aquatic cue cards-confined & open water
- Lesson plan slates for confined & open water
- Log book
- #New Discover Scuba/Discover Scuba Diving Guidelines
- #New Discover Scuba Guidelines
- #New Adventures in Diving Guidelines
- #New Rescue Guidelines
- #Latest training bulletins

A great way to get your hands on the required materials is to purchase the IDC crew pack

IDC candidate workbook – to be provided by ourselves

Materials marked * are necessary for the home study preparation for the AI/OWSI program, without them candidates can not complete the knowledge reviews.

Materials marked # can be downloaded in PDF format from www.padimembers.com

Top tip,

To prepare yourself for the IDC familiarise yourself with Divemaster, Physics, Pisiology, Equipment, Dive Table RDP & Wheel, Skills & Environment. Dive theory should be mastered before attending the IDC.

If you wish to study any part of the Instructor Manual, we suggest you familiarise yourself with the Standards & Procedures section of your instructor manual.
